July 27, 2020

Live Webcast

Title IX Coordinators and Deputy Coordinators are responsible for ensuring that your institution complies with its obligations under Title IX, including the new Title IX regulations and the Violence Against Women Reauthorization Act (VAWA), and higher education institutions are legally required to provide them with specialized training on an annual basis. Further, the new Title IX regulations require Title IX Coordinators to receive training on specific topics. Given the significant recent changes to the legal landscape, including new requirements from the final Title IX regulations, the heightened focus on enforcement of Title IX, and the increasing complexity of sexual misconduct matters, it is more important than ever that your Title IX Coordinators are well-trained on your institution's obligations under Title IX and VAWA.

Join us for an in-depth training specifically designed to satisfy annual training requirements and to provide advanced Title IX Coordinators and Deputy Coordinators with an up-to-date understanding of current compliance requirements, including significant new requirements from the final regulations, as well as best practices. Our training is conducted by Higher Education attorneys who regularly advise institutions on all aspects of the sexual misconduct process, from policy drafting, to investigating and adjudicating sexual misconduct cases, through the final resolution of sexual misconduct matters. This firsthand, real world experience will help participants to understand not only the legal requirements, but also the practical day-to-day application of related policies and procedures and will help even the most experienced participants navigate the complex and often nuanced issues that arise throughout the sexual misconduct process. Attendees will also have the opportunity to put their training into action as they work together to oversee a complex sexual misconduct case and receive valuable, in-the-moment feedback from Higher Education attorneys.

Attendees will receive a certificate verifying their completion of the training session. This training will cover:
