Dr. Michael Osterholm, Ph.D., MPH

Director of the Center for Infectious Disease Research and Policy, University of Minnesota

Dr. Osterholm has been at the forefront of the nation's battle against the Covid-19 pandemic since the virus was first discovered. He is a member of President Biden's Covid-19 Advisory Board and serves as the Director for Infectious Disease Research and Policy at the University of Minnesota. As one of the country's

most prominent and experienced epidemiologists, Dr. Osterholm brings a unique perspective on the pandemic, including how we got here, what we have done right, what has failed to work and what might be coming next.

Lathrop GPM endeavors to adhere to CDC COVID-19 guidelines at our events. All Lathrop GPM events will be subject to local and other applicable health and safety guidelines in effect at that time.
