Senate Committee Approves Resale Pricing Legislation

Once again, the Senate Judiciary Committee has taken a step toward the passage of legislation to overturn the effect of *Leegin Creative Leather Products, Inc. v. PSKS, Inc.* On November 3, 2011, the U. S. Senate Committee reported the passage of the proposed "Discount Pricing Consumer Protection Act," a bill sponsored by Senator Kohl of Wisconsin. This is the same bill that has been introduced in prior years, as reported in *The GPMemorandum*. We will continue to monitor the progress (if any) of this legislation.
