Week in Review (New Year's Edition)

This week, instead of looking back, we look ahead to the new year. We certainly expect fascinating court decisions about technology and the workplace. Employers and employees are keeping in line with the New Years theme of self-improvement by using technology to make themselves and their workplace more efficient. And new technology is helping individuals achieve their 2012 goals, from weight loss to learning a musical instrument. So click away and be inspired to make 2012 the best yet.
