

2014 State of Manufacturing Survey Release Event

May 8, 2014

Sponsorship

Presented by: Enterprise Minnesota

On May 8, Enterprise Minnesota will release the findings from its sixth annual State of Manufacturing® survey that report on the state's manufacturing outlook and the industry's top issues. Enterprise Minnesota conducted over 400 phone surveys and 14 focus groups with manufacturing executives across the state to understand their perceptions and opinions on the economy and other major issues impacting business.

This important event is open to manufacturers and everyone connected to the manufacturing industry including educators, elected officials, economic development professionals, granting agencies and members of the media.

The event will include a presentation by the pollster, Rob Autry, partner, Public Opinion Strategies (POS), and a manufacturing panel discussion of the survey issues.
