

A Startup Workshop

November 2, 2011

Sponsorship

Presented by: University of Minnesota Office for Technology Commercialization

Gray Plant Mooty is proud to be a sponsor of The Office for Technology Commercialization's Venture Center workshop that focuses on the creation of new "startup" companies based on University-developed technologies. This event will provide answers to key questions faculty and post-docs have about the creation of new companies and to introduce startup resources available at the University of Minnesota.

All University researchers are encouraged to attend, including faculty, graduate students, and post-docs. Please RSVP by November 1 by visiting the workshop Web site.

Wednesday, November 2, 2011
