

Inaugural Animal Science Venture Forum

9/21/2011 - 9/22/2011

Sponsorship

Presented by: MinnWest Technology Foundation

Gray Plant Mooty is pleased to sponsor the Inaugural Animal Science Venture Forum, hosted by the MinnWest Technology Foundation. This forum will be held at the MinnWest Technology Campus in Willmar, MN. MinnWest will act as the catalyst to bring industry stakeholders together to draw attention to the Animal Science Industry. The conference will look at the latest industry trends, encourage networking, facilitate deal flow and explore new opportunities.

This exclusive conference will unite early stage animal science companies, venture capitalists, angels and strategic investors interested in animal science companies, and others that are important to the success of the industry - service providers, university representatives and economic development leaders to network and discuss industry investment trends.

Why you should attend:

- Network - share best practices with other angel investors in a closed forum.

- Learn - Timely panel presentations and knowledgeable industry speakers will discuss the latest trends and issues facing the industry.
- Deal Flow - Hear presentations from pre-screened Animal Science companies that are currently fundraising.

Registration

Angel investors, Strategic Investors, and Venture Capitalists may register at no cost. There are a few spaces for Economic Development Representatives. Please email smikolich@starkgroupinc.com to register.

For more information, please visit: <http://www.mnwesttechnology.com/anscventureforum/>.
