Recent Developments in Electronic Payments, hosted by the Minnesota Bankers Association

From Target to Jimmy John's, data breaches continue to make headlines in the U.S. and internationally. Is your company prepared to manage this threat to customer data? Are you up to date on the latest developments in electronic payment systems? CEOs, presidents, and senior management personnel are invited to attend the Minnesota Banking Association's seminar regarding these issues. Learn and discuss the most recent updates in electronic payments, virtual currency, and data protection with experienced data privacy and e-payment professionals, including GPM principals Phil Bohl and George Mainz.
