Minneapolis, MN 55403

Presented by: Enterprise Minnesota

On May 13, 2015, Enterprise Minnesota will release the findings from its seventh annual State of Manufacturing® Survey report on the state's manufacturing outlook and the industry's top issues. Enterprise Minnesota conducted over 400 phone surveys and 15 focus groups with manufacturing executives, managers, and thought leaders across the state to understand their perceptions and opinions on the economy and other major issues impacting business.

This important event is open to manufacturers and everyone connected to the manufacturing industry including educators, elected officials, economic development professionals, granting agencies, and members of the media.
