Join Lizzi Kampf and Jesse Berg to discuss the basics of HIPAA legislation and how statute is clarified and operationalized through regulations, guidance, and caselaw, as well as the impacts of agency policy and procedure. Additional topics that will be reviewed are outlined below:

- Recent guidance from Health and Human Services (HHS) and the Office of the Inspector General (OIG) related to HIPAA disclosures related to reproductive health and discuss how guidance documents are utilized.
- Proposed updates to HIPAA regulations and what final regulations may look like in 2023.
- Questions related to HIPAA and other privacy concerns.
