

Seed Capital ReVIEW - Survey for Second Half 2014

February 13, 2015

It's Survey time again and we need your help!

The Seed Capital ReVIEW for the second half of 2014 is now open!

Gray Plant Mooty's Entrepreneurial Services Group, with the support of the Minnesota Department of Employment and Economic Development (DEED), is pleased to launch its third semi-annual survey regarding seed and angel capital being raised by Minnesota's start-up and early-stage companies (typically financings between \$100,000 and \$2 million). We are asking **investors** and **entrepreneurs** to complete this **survey** regarding deal terms of seed/angel investments during the **second half of 2014**. Survey responses are an important part of our efforts to provide relevant and useful information, trends on financing, and overall seed/angel deal terms to Minnesota's entrepreneurial community.

Our December release of the Seed Capital ReVIEW report analyzed seed and angel capital raised by 84 early-stage companies in Minnesota during the first six months of 2014. Please help us provide accurate and thorough data regarding capital raisings during the second half of 2014 by completing the survey.

The identity of each investor or company completing the survey **is strictly confidential** and will be used only for purposes of gathering and tracking deal survey information as well as ensuring the integrity of data collected (e.g., to avoid duplication of data).

The survey will only take a few minutes per deal to complete! Please respond by February 28, 2015. We hope to publish our third edition of the Seed Capital ReVIEW during Q2 of this year.
