

Business Class News Interviews Tedrick Housh on Cybersecurity and Data Protection Planning

August 20, 2020

Global Privacy, Cybersecurity & Data Protection Partner Tedrick Housh spoke with *Business Class News* about the importance of treating data as one of a company's most valuable assets. In the interview, "What is Your Plan For A Cybersecurity Situation?" Tedrick said every company should have an information security policy and an incident response plan, and shared how his team partners with businesses to develop and implement these plans tailored to each client's unique needs.
