Experience

- **Age discrimination/retaliation** – Prevailed at trial on behalf of a financial services company in an age discrimination and retaliation suit filed by an

employee who was terminated just one day after complaining to the Chief Executive Officer about age discrimination.

- **Unfair competition/employee mobility** – Successfully defended two technology companies and three of their engineers in a case involving claims for more than \$100 million based on alleged unfair competition and breach of non-solicitation covenants, negotiating a settlement that did not involve any payment by our clients.
- **Age discrimination and retaliation** – Won summary judgment for a technology company in a lawsuit with 11 causes of action filed by a former manager who alleged age discrimination and retaliation.
- **Wage and hour class action** – Defeated a motion to certify a class action lawsuit for violation of overtime laws filed by a group of truck drivers against a multi-state employer.
- **Unfair competition/employee mobility/covenant not to compete** – Successfully opposed a motion for injunctive relief against our client, a Fortune 50 company, alleging misappropriation of trade secrets and violations of non-compete covenants for hiring two executives from a competitor, leading to a favorable resolution that enabled the executives to work in the roles for which they were hired.
- **Disability discrimination/reasonable accommodation** – Successfully defended a national market research company against claims for discrimination and failure to provide reasonable accommodation, winning dismissal of both claims through a motion for summary judgment.
- **Breach of contract/retaliation** – Represented an executive who was terminated following complaints about non-payment of incentive compensation, settling his claims on favorable terms on the eve of binding arbitration.
- **Unfair competition/trade secrets** – Obtained temporary restraining orders and preliminary injunctions in two separate jurisdictions on behalf of a leading financial services company after a regional sales representative shared proprietary and confidential data with competitors.
- **WARN Act/reduction in force** – Successfully led a national manufacturer of semiconductor components manufacturer through a large workforce reduction without triggering the WARN Act or generating any claims from affected employees.
- **Wage and hour class action** – Represented a West Coast petroleum distributor in a class action suit regarding misclassified employees. The case settled on terms that were favorable for our client.
