Natalya.Sysa@lathropgpm.com

Natalya Sysa is a paralegal focused in the area of foreign patent prosecution.

She assists clients with filing a variety of applications including PCT applications, direct national applications, national phase applications, design applications, and utility model applications. She communicates with foreign associates and clients regarding developments that arise throughout the duration of patent application prosecution. In addition, she oversees filing formalities required in foreign jurisdictions for all newly filed applications.
