Paige Keith serves as the firm's Chief Financial Officer, bringing nearly 20 years of experience leading high-performing teams at national law firms. Prior to joining Lathrop GPM in 2019 as Director of Pricing, Paige spent close to 16 years at a mid-size national litigation boutique firm. There, she served in several capacities – as Director of Litigation Services, Director of Finance and Strategic Initiatives, and finally as Chief Financial Officer.

This progression has allowed Paige to appreciate the importance of balancing both the day-to-day operational aspects of running a law firm with having a long-term strategic view and an eye toward the future. She also brings a unique client-focused perspective to the CFO role, which is especially important given Lathrop GPM's unrelenting focus on client service.
